Owned and operated by two local San Franciscans, Mars Bar & Restaurant supports local purveyors, and takes pride in this establishment's history. We hope you love it as much as we do!

The building, which was built in 1906 after the Great Quake destroyed most of the neighborhood, sits on a street named after the late Sammuel Brannan (1819-1889) whose accomplishments date back to the Gold Rush era.

Our produce is all fresh, and our sauces and soups are made entirely from scratch. San Francisco based Pan-o-Rama Bakery delivers their fresh handmade bread daily, and we buy 100% Natural Black Angus beef and fresh organic free range chicken daily from our neighbor, Golden Gate Meat Co. They've been a San Francisco family owned and operated company since 1977.

We've put a lot of heart - and a lot of San Francisco - into creating this place, and want to ensure that you enjoy your experience here.
